Moderator's Letter to Town Meeting Representatives and the Citizens of Dedham

TOWN OF DEDHAM Moderator

Dear Town Meeting Representative and Citizens of Dedham:

Many popular television shows have "story arcs" where a plot begins in one episode and then continues and evolves over months, sometimes years. Town Meeting has story arcs as well. The Senior Center story arc lasted many years, with plot changes, character changes and surprise developments. The Town campus/ police station/ fire station arc is still evolving as the project moves from conception to planning to implementation. The most dominant story arc for this year's Town Meeting is the debate over the relocation of the **Early Childhood Education Center**. This issue has been the subject of proposals, counter proposals, neighborhood meetings and heated exchanges for several years now. Last year's Town Meeting saw the restructuring of the School Building Rehabilitation Committee in large part because of the ECEC debate, a decision which was then followed by the resignations of a number of committee members.

We face a critical moment in the unfolding of this issue as we consider Article 20 which seeks to borrow funds to build a new ECEC at the site of the former Dexter School. It is important that you educate yourself about this proposal and be as prepared as you can for the vote. Borrowing money requires a two thirds affirmative vote, so this discussion will be an important one.

There are other, less dramatic issues that you will be asked to vote on as well. The Town budget must be approved and there is a difference of opinion on the School Department budget that you will be asked to resolve.

I encourage you to read the Town Meeting Warrant when it is mailed to your homes. The Warrant is our agenda of items to be voted on. Each article to be voted on is

accompanied by a recommendation from the Finance and Warrant Committee. You are free to accept their recommendation or vote on an alternative.

Please feel free to contact me if you have any questions. My email is djdriscoll29@gmail.com or you can call me at 617-510-1797.

I would be happy to help you in any way.

Sincerely,

Dan Driscoll Moderator

<u>Finance Committee Chair's Letter to Town Meeting Representatives and the</u> Citizens of Dedham

TOWN OF DEDHAM Finance and Warrant Committee

To the Town Meeting Representatives and the Citizens of Dedham

Presented herein for your consideration and vote is the Warrant recommendations of your Finance and Warrant Committee. After hearing from the various proponents, departments, committees and citizens we believe our recommendations represent the best interests of the Town of Dedham.

The Town continues to meet the financial goals of maximizing the highest bond rating, maintaining a balance within the General Stabilization Fund and fully funding the Town's pension, healthcare and other post-retirement benefits.

The May 2016 Warrant consists of 35 articles. Article 3 is the annual operating expenditures budget which includes operating capital. This year Article 3 includes \$7.5 million in Free Cash which will fund the Pension Unfunded Liability. Article 4 is the annual major capital and improvement projects. In Article 4, \$2.4 million is recommended for an artificial turf field at Gonzalez.

The Zoning Articles which are voted by the Planning Board are Articles 21 to 26 and the By-Law Review are Articles 27 to 31. One other article that had extensive review in our Hearings and Deliberations was the ECEC at Dexter which is Article 20.

I would like to welcome Cecilia Butler representing District 4 and Kevin Preston representing District 2. Although Cecilia and Kevin are new to the committee they have had considerable input to the May 2016 Warrant.

I would also like to thank Russell Stamm who has resigned from the FWC. Russ was Chair of the committee from 2012 – 2014. It was a pleasure working with Russ and I

look forward to working with him again on future committees.

Sincerely,

John Heffernan Chairman

Supreme Judicial Court Invalidates Sex Offender Residency Ordinance

On August 28, 2015, the Supreme Judicial Court issued a unanimous decision in

the case of Three Registered Sex Offenders v. City of Lynn invalidating the City's Sex Offender Residency Ordinance. The Court concluded that where the Commonwealth has comprehensively regulated oversight of convicted sex offenders, the City could not, consistent with its Home Rule authority, adopt local legislation for such purposes. In recent years, many Massachusetts municipalities have enacted or considered enactment of sex offender residency bylaws or ordinances. Typically, such local provisions limit the locations within the municipality where individuals finally classified by the Massachusetts Sex Offender Registry Board ("SORB") as Level 2 or Level 3 sex offenders ("classified sex offenders") may reside based upon specified public safety considerations. For example, such local restrictions may limit classified sex offenders from residing within certain geographical distances of areas where children and elderly residents congregate, such as schools, day care centers, senior housing, parks or recreation facilities. These restrictions often provide further that a classified sex offender who establishes a residence in one of the prohibited areas must, within a specified period of time, relocate to an alternative location or face enforcement, including fines.

The procedural history of the Lynn case is as follows. The Essex Superior Court ruled that the City's Sex Offender Residency Ordinance, which restricted housing options for classified sex offenders, was invalid and unenforceable since it was inconsistent with the Commonwealth's sex offender registry laws and therefore violated the Home Rule Amendment. The City of Lynn appealed the Superior Court's decision and the Supreme Judicial Court granted direct appellate review to decide the case. In its decision, the Supreme Judicial Court agreed with the trial court, stating:

We conclude that the ordinance is inconsistent with the comprehensive scheme of legislation intended to protect the public from convicted sex offenders and, thereby, manifests the 'sharp conflict' that renders it unconstitutional under the Home Rule Amendment. Although the registry law and the other laws governing sex offenders do not expressly prohibit local regulation, we infer from the comprehensive nature of the statutory scheme for oversight of sex offenders and

the negative effect that the ordinance may have on the monitoring and tracking of sex offenders, that the Legislature intended to preclude local regulation of sex offender residency options.

The Supreme Judicial Court further reasoned that municipalities' enactment of sex offender residency restrictions is inconsistent with the state's sex offender registry law since it would undermine the effectiveness of the Sex

Offender Registry Board's classification system, interrupt the stability of sex offenders' housing, and conflict with state sex offender policies and procedures, including community notification and monitoring requirements, which demonstrate the Legislature's intent to have the "first and final word on the subject of residency of sex offenders."

While the Supreme Judicial Court's decision technically invalidated only the City of Lynn's sex offender residency ordinance, the decision has implications statewide. We understand that approximately 50 municipalities have a local bylaw or ordinance similar to that struck down in the Lynn case. Consistent with the Supreme Judicial Court's decision, cities and towns should not seek to enforce such an ordinance or bylaw, as such enforcement would likely be challenged on constitutional grounds with the potential for an award of attorneys' fees under 42 U.S.C.

§1988. It would further be appropriate under these circumstances to consider future repeal of such local legislation. We further expect that the Attorney General's Municipal Law Unit, responsible for review of town bylaws and analysis of their consistency with state law and the constitution, will disapprove adoption or amendment of any sex offender residency bylaw.

MUNICIPAL FINANCE TERMINOLOGY

The following terms are frequently used in the Annual Town Report and at Town Meeting. Definitions are provided in order to provide an understanding of their meaning:

FREE CASH: The amount certified annually by the State Bureau of Accounts by deducting from Surplus Revenue (formally the "Unreserved Fund Balance" or "Excess and Deficiency") all uncollected taxes of prior years. Surplus Revenue is the amount by which the cash accounts receivable and other assets of the Town exceed the liabilities and reserves. Surplus revenues build up mainly from unexpended balances of general appropriations and from excess receipts from non-tax sources (Local Receipts) over estimated receipts. Free Cash may be appropriated by vote of the Town Meeting.

OTHER AVAILABLE FUNDS: Certain receipts, when received by the Town, must be set aside and reserved for particular appropriation. These include the Endicott Estate Receipts, Sale of Cemetery Lots and Graves, and Parking Meter Receipts. In addition, funds from the Overlay Surplus (the accumulated amount of the overlay for various years not used or required to be held in the overlay account) may be used by a town to offset budget requests for the next year. Also, all unused balances from prior years' Special Article Appropriations may be transferred to meet a new appropriation.

CHERRY SHEET: Named for the cherry colored paper on which the Massachusetts Department of Revenue traditionally has printed it, listing the amounts of state and county assessments, as well as the estimated state distribution (State Aid).

RESERVE FUND: This fund is established by the Town Meeting and may be composed of (a) an appropriation (not exceeding 5% of last year's levy), (b) money transferred from existing accounts or funds, or (c) both. The Reserve Fund amounts to an omnibus appropriation, to be transferred by vote of the Finance

Committee for extraordinary or unforeseen expenditures where the Committee decides such expenditures would be approved by Town Meeting. "Extraordinary" covers items, which are not in the usual line, or are great or exceptional. "Unforeseen" includes items, which were unforeseen at the time of the Town Meeting, when appropriations were voted.

GENERAL STABILIZATION FUND: This fund serves as a general financial reserve for the Town. Money may be appropriated to the Fund up to ten percent of the preceding year's tax levy, but the Fund may not exceed ten percent of the total tax valuation of the Town. The Fund may be used for any legal purpose by a two-thirds vote of the Town Meeting. Interest earned remains in the Fund.

OVERLAY SURPLUS: The Overlay is the amount from the property tax levy in excess of appropriations and other charges. It is used to cover abatements and exemptions granted locally or on appeal. The Overlay Surplus is the unused portion of previous years' overlays.

MITIGATION STABILIZATION: These are special purpose reserves created by vote of Town Meeting. Like the General Stabilization Fund, expenditures from these funds require a two-thirds vote of Town Meeting.

MAJOR CAPITAL FACILITIES STABILIZATION: This is another special purpose reserve created by vote of Town Meeting. Expenditures may be made from the fund only on a two-thirds vote of Town Meeting. It is a management policy of the Town that this fund be used for major construction or renovation of buildings estimated to cost \$4 million or more.

MWRA: The Massachusetts Water Resources Authority was established in 1985 to provide water supply services and sewer collection, treatment and disposal services to the region. To fund its operations and debt the MWRA sets user rates and assesses each town in the area according the metered flow of water through the sewers. Dedham funds its sewer assessment from billings based upon a metered water use rate set by the Selectmen. The Town is not assessed water use charges.

PROPERTY TAX LEVY: The total revenue a community raises through property taxes. Often just called the "levy," it is the largest source of revenue for most

Massachusetts cities and towns. This is different from the tax rate, which is the tax amount charged individual properties per \$1,000 of property valuation. The tax rate is set each year by the town.

LEVY LIMIT: The maximum amount a community may levy in a year. The levy limit can increase only by 2 ½ percent each year, plus adjustment for new growth and the addition of the debt service for previously voted tax overrides, such as debt exclusions.

LEVY CEILING: The maximum amount a community may levy under all conditions. A community's levy ceiling is 2 ½ percent of the aggregated valuation of all taxable properties.

EXCESS LEVY CAPACITY: If a community sets its levy below its levy limit, the difference between them is called excess levy capacity. The levy limit is not affected by excess capacity, however, meaning that in future years a town can tax up to that limit regardless of the previous levy. For example, a one percent levy increase one year allows the town to raise the levy by 4 percent the next year - the normal 2 ½ percent, plus the 1 ½ percent not taxed the year before.

NEW GROWTH: A community can increase its levy limit annually based on new development and other growth in the tax base. Property that has increased in value because of new construction, new subdivision parcels and condominium conversions, and new properties are all considered new growth. An increase in property value assessed during triennial reevaluation (appreciation) is not considered new growth.

GENERAL OVERRIDE: Residents can vote to increase tax levies beyond the levy limit, as long as the community is below the levy ceiling. The increase is included in the levy for that year and added to the base used to calculate future levy limits. An override requires a majority vote of the town at a special town election.

DEBT EXCLUSION: A debt exclusion allows towns to raise funds to pay for debt incurred by the town. The amount of the payment is added to the levy for the life of the debt, and is not included in calculations of the new levy limit for future years. A debt exclusion requires a two-thirds majority vote to borrow at town meeting and requires a majority vote at a special town election.

CAPITAL OUTLAY EXPENDITURE EXCLUSION: A type of tax override that allows towns to raise funds for capital projects. Its rules are similar to those for debt exclusions, except the cost is only added to the levy for the year in which the project is undertaken.
