RE: Traffic Calming Request Form #2020-003 – Greenlodge Street

Ms. Haven,

The traffic calming request for Greenlodge Street that you submitted to the Transportation Advisory Committee (TAC) was heard at their meeting held on 12/8/20.

Unfortunately, your request was denied by the TAC since Greenlodge Street is a minor collector and only residential/local roads can be considered by the TAC based upon the latest version of the Town's Traffic Calming Policy. Although the TAC had to deny your request, we will be sending your request to the Select Board (SB) for their consideration as they are the Road Commissioners for the Town of Dedham. The SB may either want to take this request on themselves or they could provide the TAC with the authority to act on this request and report back to the Board. The Director of Engineering and TAC member/SB member, Dimitria Sullivan will be presenting your request to the SB at one of their upcoming meetings. They will be sure to reach out to you to let you know when that meeting will be held should you wish to attend.

The TAC would like to thank you and your concerned neighbors that attended our meeting last evening. If you have any questions or concerns in the meantime, please feel free to contact the Director of Engineering, Jason Mammone, at 781-751-9352 or jmammone@dedham-ma.gov.

Sincerely,

John Bethoney, Chairman
