

PUBLIC SAFETY BUILDING PROJECT

Weekly Project Updates and
7-Day Look-Ahead

**Here is a look-ahead at the construction work planned for the Public Safety Building,
from March 29, 2021 to April 2, 2021**

Project Overview:

Construction of a combined public safety building commenced in December 2020 on the site of the former Town Hall at 26 Bryant Street. The new building will house the staff and equipment of Fire, Police, and Dispatch departments. The new combined Public Safety Building will replace two older Town buildings: Police Station at 600 High Street (built in 1962) and the Fire Station at 436 Washington Street (built in 1930). The new building is scheduled to open in the fall of 2022.

What to expect March 29, 2021 (Monday) through April 2, 2021 (Friday):

- The project site remains closed to the public.
- Dewatering system is currently in operation on-site and will remain operational throughout the remainder of the excavation work.
- By the end of the day March 26th, crews will have **completed approximately 95%** of the drilling and installation of the Geopiers, known as Reinforced Aggregate Piers (RAP), onsite. This work includes vibratory compaction so some vibrations might be felt outside of the project site. This work is scheduled to be completed by end of the week of April 2nd.
- Vibration monitoring systems remain in place in and around the site and are operational 24/7. To date, no excessive vibrations have been measured outside of the project side boundaries. Crews will continue to monitor this work to mitigate any disturbances.
- Excavation for the foundation footings at the northeast corner of the site are expected to begin on Wednesday, March 31, 2021.
- Trucks may be entering and exiting the site along Bryant Street, hauling material to the site.
- Alternate support of excavation installation on the south wall is underway.
- No additional traffic impacts or pedestrian impacts are anticipated during this week.

Construction Hours:

- Crews will be working onsite Monday through Friday, from 7:00 AM to 3:30 PM
