

PUBLIC SAFETY BUILDING PROJECT

Weekly Project Updates and
7-Day Look-Ahead

**Here is a look-ahead at the construction work planned for the Public Safety Building,
from December 31, 2021 to January 7, 2022**

Project Overview:

Construction of a combined public safety building commenced in December 2020 on the site of the former Town Hall at 26 Bryant Street. The new building will house the staff and equipment of Fire, Police, and Dispatch departments. The new combined Public Safety Building will replace two older Town buildings: Police Station at 600 High Street (built in 1962) and the Fire Station at 436 Washington Street (built in 1930). The new building is scheduled to open in the Fall of 2022.

A [livestream video](#) of the construction is available on the Project website! Tune in from anywhere to watch the continued progress on the Combined Public Safety Building. While there, check out the updated Before-and-After photos of the progress onsite.

What to expect December 31, 2021 (Friday) through January 7, 2022 (Friday):

- The project site remains closed to the public.
- As of **Wednesday, December 29, 2021**, Eversource has installed three new utility poles along Bryant Street at the western side of the site.
- Carpenters onsite are continuing to build temporary windows to enclose the building for work to continue and to protect the interior of the building during the winter months and colder temperatures.
- Contractors are backfilling automatic transfer switch duct banks, generator pad foundations, and are preparing to excavate for the subsurface stormwater infiltration system.
- Beginning **Monday, January 3, 2021**, masons will commence the installation of the exterior brick veneer.
- Plumbers will be installing roof drain piping in the basement and overhead at the garage.
- Crews have begun to install spray fireproofing materials in the basement to protect structural elements from extreme temperatures and heat generated by fire.
- Installation of sprinkler/fire protection system piping is still underway.
- Materials for the roof have been delivered and will be installed at a later date.
- Expect periodic entrance and exit of large trucks at the project site entrance, located at the intersection of Washington Street and Bryant Street. **Please expect minor traffic delays at this intersection.**
- No additional traffic impacts or pedestrian impacts are anticipated during this week.

Public Viewing Area:

If you want to stop by to check out the progress, stand by the picnic table outside the north entrance to Town Hall. This spot provides a great view into the project site and is outside of the project boundaries. Worth a visit!

Construction Hours:

- Crews will be onsite:
 - Monday through Friday: 7:00 AM to 5:00 PM
 - *Crews will be working onsite on Friday, December 31, 2021

Project Team Contact Information:

- Immediate issues or concerns, please contact the Town Manager's Office at [781-751-9100](tel:781-751-9100).
- For general questions or concerns, please contact the project team at psb@dedham-ma.gov
- For more information about the Public Safety Building Project, please visit the project website at www.dedham-ma.gov/psb
- Download our [project team contact information flyer](#) on the project website.
