

PUBLIC SAFETY BUILDING PROJECT

Weekly Project Updates and
7-Day Look-Ahead

**Here is a look-ahead at the construction work planned for the Public Safety Building,
from May 9, 2022 to May 13, 2022**

Project Overview:

Construction of a combined public safety building commenced in December 2020 on the site of the former Town Hall at 26 Bryant Street. The new building will house the staff and equipment of Fire, Police, and Dispatch departments. The new combined Public Safety Building will replace two older Town buildings: Police Station at 600 High Street (built in 1962) and the Fire Station at 436 Washington Street (built in 1930). The new building is scheduled to open in the Fall of 2022.

A [livestream video](#) of the construction is available on the Project website! Tune in from anywhere to watch the continued progress on the Combined Public Safety Building. While there, check out the updated Before-and-After photos of the progress onsite.

What to expect May 9, 2022 (Monday) through May 13, 2022 (Friday):

- The project site remains closed to the public.
- This week, masons will be topping off the exterior stone (Shouldice) along the east side of the Sallyport. They will continue to install the brick veneer at the roof level along the south and west sides of the Fire Station. The brick that has already been installed along the northeast corner of the building will be washed this week.
- HVAC contractors will install piping, exhaust fans, chiller, and additional supply lines throughout the first and second floors of the Police Station.
- Electrical contractors will install the rough in-wall lines for the first floor of both Police and Fire.
- Crews have cleaned and prepped the curtainwall frames and glazing in preparation for the pressure plate and grid installation in the coming weeks.
- Piping for the fire protection system (including sprinklers) will continue to be installed this week throughout the building.
- Expect periodic entrance and exit of large trucks at the project site entrance, located at the intersection of Washington Street and Bryant Street. **Please expect minor traffic delays at this intersection.**
- No additional traffic impacts or pedestrian impacts are anticipated during this week.

Public Viewing Area:

If you want to stop by to check out the progress, stand by the picnic table outside the north entrance to Town Hall. This spot provides a great view into the project site and is outside of the project boundaries. Worth a visit!

Construction Hours:

- Crews will be onsite:
 - Monday through Friday: 7:00 AM to 5:00 PM

Project Team Contact Information:

- Immediate issues or concerns, please contact the Town Manager’s Office at [781-751-9100](tel:781-751-9100).
- For general questions or concerns, please contact the project team at psb@dedham-ma.gov
- For more information about the Public Safety Building Project, please visit the project website at www.dedham-ma.gov/psb
- Download our [project team contact information flyer](#) on the project website.
