

NEW Electronic Voting at Town Meeting

Each Town Meeting Representative will be assigned an Electronic Voting Device at registration (one device assigned per voting member)

Electronic Voting Device

HOW TO USE THE DEVICE

When instructed by the Moderator that voting is open, each voting member will enter a "YES" or "NO" vote for the current article:

GREEN or **1A** = a **YES** vote
RED or **2B** = a **NO** vote

NOTE: Your vote is submitted automatically; you do not need to press send

Votes are recorded in real-time and results are shown after voting session has closed for each article.

All devices must be returned at the end of Town Meeting in one of the collection boxes

Where can I find additional information about Electronic Voting in Dedham?

Visit our 2022 Spring Town Meeting website (www.dedham-ma.gov/2022SpringTM) for resources, including:

- Video instructions
- Example of Westwood Town Meeting using electronic voting devices
- Copy of Bylaw Amendment to approve Electronic Voting at 2021 Fall Annual Town Meeting
