

PUBLIC SAFETY BUILDING PROJECT

Weekly Project Updates and
7-Day Look-Ahead

**Here is a look-ahead at the construction work planned for the Public Safety Building,
from June 6, 2022 to June 10, 2022**

Project Overview:

Construction of a combined public safety building commenced in December 2020 on the site of the former Town Hall at 26 Bryant Street. The new building will house the staff and equipment of Fire, Police, and Dispatch departments. The new combined Public Safety Building will replace two older Town buildings: Police Station at 600 High Street (built in 1962) and the Fire Station at 436 Washington Street (built in 1930). The new building is scheduled to open in the Fall of 2022.

A [livestream video](#) of the construction is available on the Project website! Tune in from anywhere to watch the continued progress on the Combined Public Safety Building. While there, check out the updated Before-and-After photos of the progress onsite.

What to expect June 6, 2022 (Monday) through June 10, 2022 (Friday):

- The project site remains closed to the public.
- Contractors and electricians will be working onsite on **Saturday, June 4, 2022 from 8:00 AM to 4:00 PM**. No impacts to vehicular or pedestrian travel are anticipated as a result of this work.
- Masons will dismantle and remove the staging along the south side of the building and at the detention walkway.
- Installation of the elevator and associated elevator machine room will continue this week.
- HVAC contractors will be installing hot water mains in the basement, piping condensers on the roof, additional equipment in the mechanical room, and they will insulate the ductwork installed on the second floor of the Fire Department.
- Sheet metal installation for the rough duct work in the basement will continue this week.
- Plumbing contractors will be onsite to install waste and vent piping within the basement and mezzanine, install the firestop (form of fire protection used to seal openings and joints within a fire-resistant wall) on the second floor of the Police Department, and will insulate the water piping on the first floor of the building.
- Painters will prime and paint the interior walls of the Fire Department second floor.
- Crews will continue installing gypsum wall boards (drywall) on the first floor of the Police Station and will install blocking in the basement.
- A contractor specializing in acoustics will continue installing acoustic ceiling tiles (ACT) in the second floor of the fire station.
- Expect periodic entrance and exit of large trucks at the project site entrance, located at the intersection of Washington Street and Bryant Street. **Please expect minor traffic delays at this intersection.**
- No additional traffic impacts or pedestrian impacts are anticipated during this week.

Public Viewing Area:

If you want to stop by to check out the progress, stand by the picnic table outside the north entrance to Town Hall. This spot provides a great view into the project site and is outside of the project boundaries. Worth a visit!

Construction Hours:

- Crews will be onsite:
 - **Saturday, June 4, 2022: 8:00 AM to 4:00 PM**
 - Tuesday through Friday: 7:00 AM to 5:00 PM

Project Team Contact Information:

- Immediate issues or concerns, please contact the Town Manager's Office at [781-751-9100](tel:781-751-9100).
- For general questions or concerns, please contact the project team at psb@dedham-ma.gov
- For more information about the Public Safety Building Project, please visit the project website at www.dedham-ma.gov/psb
- Download our [project team contact information flyer](#) on the project website.
