

PUBLIC SAFETY BUILDING PROJECT

Weekly Project Updates and
7-Day Look-Ahead

**Here is a look-ahead at the construction work planned for the Public Safety Building,
from June 13, 2022 to June 17, 2022**

Project Overview:

Construction of a combined public safety building commenced in December 2020 on the site of the former Town Hall at 26 Bryant Street. The new building will house the staff and equipment of Fire, Police, and Dispatch departments. The new combined Public Safety Building will replace two older Town buildings: Police Station at 600 High Street (built in 1962) and the Fire Station at 436 Washington Street (built in 1930). The new building is scheduled to open in the Fall of 2022.

A [livestream video](#) of the construction is available on the Project website! Tune in from anywhere to watch the continued progress on the Combined Public Safety Building. While there, check out the updated Before-and-After photos of the progress onsite.

What to expect June 13, 2022 (Monday) through June 17, 2022 (Friday):

- The project site remains closed to the public.
- Contractors and electricians will be working onsite on **Saturday, June 11, 2022 from 8:00 AM to 4:00 PM**. No impacts to vehicular or pedestrian travel are anticipated as a result of this work.
- During the past week, crews removed the excess material and jersey barriers from the site and began excavating the foundation wall along the north side of the building for waterproofing.
- At the base of stairwell #1, crews will continue installing concrete masonry unit walls.
- Installation of the elevator and associated machine room will continue this week.
- The fire protection system (and sprinkler piping) in the underground garage is nearing completion, and pipe labeling on the second floor of the Fire Station will take place this week.
- Electricians will pull data wires for the second floor of the Fire Station and install lights.
- Acoustical ceiling installation will continue on the second floor of the fire station while painters continue to prime and paint the walls.
- HVAC contractors will continue to install hot water mains in the basement, insulate the basement ductwork (still being installed), and install radiant heat tubing in the fire station apparatus bay.
- Expect periodic entrance and exit of large trucks at the project site entrance, located at the intersection of Washington Street and Bryant Street. **Please expect minor traffic delays at this intersection.**
- No additional traffic impacts or pedestrian impacts are anticipated during this week.

Public Viewing Area:

If you want to stop by to check out the progress, stand by the picnic table outside the north entrance to Town Hall. This spot provides a great view into the project site and is outside of the project boundaries. Worth a visit!

Construction Hours:

- Crews will be onsite:
 - **Saturday, June 11, 2022: 8:00 AM to 4:00 PM**
 - Tuesday through Friday: 7:00 AM to 5:00 PM

Project Team Contact Information:

- Immediate issues or concerns, please contact the Town Manager's Office at [781-751-9100](tel:781-751-9100).
- For general questions or concerns, please contact the project team at psb@dedham-ma.gov
- For more information about the Public Safety Building Project, please visit the project website at www.dedham-ma.gov/psb
- Download our [project team contact information flyer](#) on the project website.
